Our cooperation partner Landgrafen Therme!

Here, the guest experiences the element of water in a variety of ways, leaves everyday life and hectic behind, enjoys relaxation with all the senses.

After extensive modernization measures, the newly designed indoor pool, as well as the outdoor pools equipped with whirlpools, invite you to a wonderfully relaxing bathing pleasure in 33 degrees C° warm natural brine, one of the three natural remedies of Bad Nenndorf!

In the sauna area you can relax with a variety of infusion ceremonies:

Six different saunas increase the well-being, have a calming effect and strengthen the immune system. In the wellness area, guests can recharge their batteries and recharge their batteries with Turkish hamam, rhassoul or, for example, during an intensive round wood or vital cupping massage, during a day like at sea in the sea salt grotto.

Make yourself comfortable on one of the beds and inhale the healing air of the salts. With every breath you take in **valuable minerals** like **iodine, magnesium, calcium and potassium**.

Regardless of season and climate, you can breathe deeply and do something for stress, skin and respiratory diseases, equally suitable for children and adults.
